POSITION DESCRIPTION - SPEECH PATHOLOGIST

Award: Health Professionals and Support Services Award – Health professional Level 2
Permanent part time or full time

Reporting: Clinical Lead

Location: 1/13-15 Milligan Street, Chatham 2430

Talk Play Grow Therapy is a small paediatric therapy service based in Taree on the Mid North Coast, NSW. We value evidence based practice and family centred care, and work alongside families to provide opportunities for children to be the best version of themselves. We strive to work collaboratively with families and other community partners to support children with their therapy goals. We love to have fun, and celebrate successes along the way with our clients!

We work across the community, including our clinic, family homes and educational settings in the area. We have established working relationships with many schools, preschools as well as other allied health providers, ensuring a holistic approach to our clients' care.

Expected roles and responsibilities

- Provision of evidence based and family centred care to our clients and their families
- Assessment and management of communication disorders and feeding difficulties
- Work collaboratively with our families and community partners
- Provision of services in a range of settings
- Adhere to our policies and procedures
- Continue to grow, develop and love your role as a Speech Pathologist!

What you can expect from us

- A supportive, enriching environment to continue your professional growth
- Above award wages
- Flexible working arrangements so you have the work life balance you need
- No work after hours or on the weekend!
- Opportunities for professional development
